

THE UNIVERSITY
of EDINBURGH

PARTICIPANTS NEEDED FOR RESEARCH STUDY

What kind of research?

The study is about how different people perceive the world. At this stage of our research, we are looking for people who have been diagnosed with Autism.

You will be asked to fill out Personality & well-being questionnaires and complete a simple visual motion detection task (determining what direction a field of dots is moving in). A session will take around 1 hour and you will receive £10 in return.

Location: Kennedy Tower, Royal Edinburgh Hospital.

For participation please contact: **Rana Fetit**

Email: rana.fetit@ed.ac.uk

Phone: 07940545041
