

Right Click Programmes

Our online support programmes enable parents and carers to further understand autism and develop effective skills and strategies to support their family.

We have three distinct programmes for parents and carers of young children, teenagers and adults.

Register online and gain immediate access via a login which is valid for two months. During this time you can work through the material at a pace and time to suit you. You are also assigned an advisor who can be contacted to answer questions or give more specific advice.
