

Are you between 16 and 24 years old? Are you fluent in English?

Then take part in our study looking into the social media use of adolescents and young adults with and without Autism Spectrum Disorder! You can take part *regardless of whether you have Autism or not*, and we would greatly appreciate any and all participants!

All that is required of you is that you complete our online survey asking questions about your social media use, anxiety and social skills, which takes no more than 40 minutes to complete. Please follow this link to take part in the survey:

<https://edinburgh.onlinesurveys.ac.uk/asd-social-media-use>

If you have any more questions, please contact the lead researcher, Dr Karri Gillespie-Smith, at karri.gillespie-smith@sms.ed.ac.uk

Thank you in advance!
